re: how to submit a Cochrane Review of Arach Posted by yankeewhiskeyvictor - 12 Jan 2006 12:15
Dear Doc Sarah,
Thanks to Helen and Rod, I have found the link where you can submit a Cochrane Review of Arachnoiditis, should you ever be interested in doing so. It does not appear that complicated.
Here is the link to their submit a review site:
www.cochrane.iwh.on.ca/rev_submit.htm
Many thanks!
Al
