

## Neck and Ear Pain

Posted by helen - 21 Mar 2008 11:21

---

Does anyone with Arach. have high level neck pain affecting ears and face. I'm taking medication for an ear infection, but at the same time experiencing increased nerve pain in the surrounding jaw and facial muscles! The Arach symptoms have gradually moved up my spine. ANY RESPONSE would be welcome as it's driving me mad. Thanks Helen
